published in Tuesday's *Register* it should have
been indicated that Miss Caroline Clark's pass
in Greek, Part I., was "with credit."

A GUIDE IN INVESTMENT.

TO THE EDITOR.

Sir—How can I find out the mining Com-
panies in which the Right Worshipful the
Mayor of Adelaide, Mr. Charles Tucker, holds
a seat on the Board of Directors? Can you
tell me as a guide for desirable investment?

I am, Sir, &c.,

INVESTOR.

[You had better apply to His Worship. We
are unable to enlighten you.--ED.]

ADELAIDE STUDENTS IN LONDON.—We are glad to learn that Dr. Arthur Cudmore, M.B., Ch.B., of Adelaide University, who recently arrived in England, has passed the M.R.C.S. and L.R.C.P. examinations of London. The examinations for these degrees are seldom all passed at one and the same time, but Dr. Cudmore has done so, and says in a letter to a medical friend in Adelaide:—“I have just passed the M.R.C.S. and L.R.C.P., and my opinion of the standard of this qualification is lowered. It is not one quarter as hard as our final M.B.” Remembering that the degree of M.R.C.S. is the only one possessed by the vast majority of English doctors, it is gratifying to know that the Adelaide degree, in the opinion of one who has just passed both, places the Adelaide qualification so much higher. In the same letter Dr. Cudmore mentions the fact that Dr. Good, another Adelaide man, is House Physician at the Royal Free Hospital, London, and that Dr. Cavenagh-Mainwaring, still another Adelaide graduate, who recently obtained the highest possible degree in surgery, viz., F.R.C.S., leaves for Adelaide early next year.

Advertiser 11/12/96

ADELAIDE UNIVERSITY.
