

## CONTENTS

	Page
1. "A Monograph of the Australian Sponges" by R. von Lendenfeld. (Pt. I) .. .. .	2
2. "The Scyphomedusae of the Southern Hemisphere" by R. von Lendenfeld. (Pt. I) .. .. .	34
3. "Notices of New Fishes" by W. Macleay. .. .. .	49
4. "The Australian Hydromedusae" by R. von Lendenfeld. .. .. .	51
5. "The Scyphomedusae of the Southern Hemisphere" by R. von Lendenfeld (Pt. II) .. .. .	87
6. "Notes on the Development of the Versuridae" by R. von Lendenfeld. .. .. .	142
7. "A Monograph of the Australian Sponges" by R. von Lendenfeld (Pt. II) .. .. .	145
8. "The Australian Hydromedusae" (Pt. II) by R. von Lendenfeld (Pt. III).page 188.) .. .. .	180
9. "The Geographical Distribution of the Australian Scyphomedusae" by R. von Lendenfeld..	208
10. "The Digestion of Sponges Effected by Ectoderm or Entoderm?" by R. von Lendenfeld..	221
11. "The Eruption in the Straits' Settlements and the evening Glow" by R. von Lendenfeld..	226
12. "The Australian Hydromedusae" (Pt. IV) by R. von Lendenfeld .. .. .	244

	Page
13. "On the Occurrence of Flesh Spicules in Sponges" by R. von Lendenfeld. . . .	282
14. "Notes on the Slimy Coatings of Certain Boltenias in Port Jackson" by R. von Lendenfeld. . . .	284
15. Notes on a Collection of Echinodermata from Australia" by F.J. Bell. . . .	285
16. "The Australian Hydromedusae" by R. von Lendenfeld. (Pt. V)	302
17. "Muscular Tissues in Hydroids Polypes" by R. von Lendenfeld . . . .	356
18. "Notes on the Fibres of Certain Australian Hircinidae" by R. von Lendenfeld . . . .	362
19. "The Marine Annelides of the Order <u>Serpulea</u> " by W.A. Haswell . . . .	364
20. "On a New Crustacean Found Inhabiting the Tubes of <u>Vermilia</u> (Serpulidae).. . .	391
21. "The Homoccela Hitherto Described from Australia and the New Family Homodermidae" by R. von Lendenfeld . . . .	425
22. "Addenda to the Australian Hydromedusae" by R. von Lendenfeld . . . .	437
23. "Local Colour-Varieties of Schyphomedusae" by R. von Lendenfeld. . . .	454
24. "The Metamorphosis of Bolina Chuni" by R. von Lendenfeld . . . .	458

	Page
25. "The Histology & Nervous System of the Calcareous Sponges" by R. von Lendenfeld. . . . .	472
26. "Addenda to the Australian Hydromedusae" by R. von Lendenfeld. . . . .	479
27. "Note on the Flight of Insects" by R. von Lendenfeld ..	481
28. "A Monograph of Australian Sponges" by R. von Lendenfeld. (Pt. III) .. . .	482
29. "A Monograph of Australian Sponges" by R. von Lendenfeld (Pt. IV) .. . .	566
30. "Notes to the Australian Sponges Recently Carter" by R. von Lendenfeld. . . . .	598
31. "The Phoriospongiae" by R. von Lendenfeld. . . . .	604
32. "A Monograph of the Australian Sponges" by R. von Lendenfeld (Pt. V) .. . . .	609
33. "On a Sponge Destructive to Oyster Culture in the Clarence River" by R. von Lendenfeld.	653
34. "Notes on the Glacial Period in Australia" by R. von Lendenfeld. . . . .	657
35. "Addendum to the Monograph of Australian Sponges" by R. von Lendenfeld. . . . .	658
36. "Addendum to the Australian Sponges" by R. von Lendenfeld <i>Hydromedusae</i> .. . . .	660
37. "A Monograph of the Australian Sponges" by R. von Lendenfeld (Pt. VI) .. . . .	664

	Page
38. "The Vestibule of Dendrilla Cavernosa" by R. von Len- denfeld. . . . .	764
39. "Addendum to the Australian Hydromedusae" by R. von Lendenfeld. . . . .	794
40. "A Second Note on "Macrodon- tism" of the Melanesians" by N. de Miklouho-Maclay..	798
41. "Recent Changes in the Forest- Flora of the Interior of New South Wales" by R. von Len- denfeld. . . . .	802
42. "An Alga, forming a Pseudo- morph of a Siliceous Sponge" by R. von Lendenfeld . . . .	807
43. "A Monograph to the Australian Sponges" (2nd Addendum) by R. von Lendenfeld. . . . .	814
44. "Notes on the Distribution of Ceratella Fusca" by J. Brazier . . . . .	826
45. "On Heteropsammia Michelinii" by J.E. Tenison-Woods . . . .	828
46. "On a New Species of Disti- chopora" by J.E. Tenison- Woods . . . . .	838
47. "Notes on the Anatomy of Birds" by W.A. Haswell . . . . .	840
48. "Amoeba Parasitica - A New Protozoan" Infesting Sheep" by R. von Lendenfeld . . . .	842
