

31st May, 1935

F.Yates Esq.,
Rothamsted Experimental Station,
HARPENDEN
Herts.

Dear Yates,

I do not know Townsend's initials, but he is the librarian at the South Kensington Museum. He has charge of the Archives, which were first established at Galman's initiative in the Zoological Department of the Museum, but have now, I believe, been transferred to the General Library. They are not my Archives, though, as Secretary of the B.A. Committee, I had something to do with getting them established.

Yours sincerely,
