

11 April 1934.

Dear Yates,

I am enclosing a letter from China enquiring after the Soil Bureau publication. It might save him some time if it were sent off without waiting for his shilling. If you have any spare copies of my bibliography, that might be a comfort to him, too.

Yours sincerely,

11 April 1934.

Von Gee Sun,

China.

Dear Sir,

The paper you refer to on "The Arrangement of Field Experiments and the Statistical Reduction of the Results" is, I believe, still obtainable from the Soil Bureau, Rothamsted Experimental Station, at the price of 1/-. I have, in order to save time, forwarded your letter to that address.

Yours truly,
