

12th, January 1948.

My dear Frank,

Thanks for sending me your paper on systematic sampling. I think your plan is a good one to get Gerard Thornton to communicate it and it is then not unlikely to come to me as referee. I am extremely sorry that the earlier paper was not accepted as it well deserved to be. Indeed its interest and importance would seem wider than that of the present paper, thorough and capable as the job is that you have made of it. I am returning the paper herewith so that you can look it over before giving it to Gerard.

Yours sincerely,
