Experiment Station
223 Huntington Street
New Haven, Connecticut

My dear Chester:

Thanks for your letter and enclosure of October 21.
I am just back from Minneapolis and Milwaukee.

O
It is good of you to keep the wolves at bay. I
believe Joan would be glad to be kept to touch with
what you have in mind for Christmas. E.g. the day
she is to come.

P
I do not want to undertake anything just before
flying. Usually at that time one needs to waste
a bit of time making up accounts to obtain an
exit permit, if that business has not yet been
streamline (but more likely it has gotten worse).

Sincerely yours,

Sir Ronald A. Fisher
