

Mrs Tyser called
to see Professor Tyser
& explained that she could
not accept the post.

Dear Professor,

I was greatly honoured by your letter offering me the appointment of assistant.

Happy as I should be to return to your laboratory, the decision is a difficult one to make owing to the sacrifice in salary involved, and I am taking the liberty of postponing my reply to you for a few days, so as to give myself time to think the matter over.

Yours sincerely,
R. S. H. Tyser.
