

Received your manuscript. I ~~will~~<sup>will</sup> read it  
carefully in a few days. I guess you are  
in no great hurry to get it back. I can  
do little a day, & I have a job I must  
do.

See 'd'amarck' in your paper, reminds me  
I have never heard from Ford, who was  
to have begun his little book on that subject  
in August, I think. Do you know anything  
about him?
