My dear Fisher.

I think it would be
an excellent plan to try to
interest the Bishop of Birmingham
- born in family allowances
etc. and I do not think
that you could make a
better beginning than by
sending him your book with a
covering letter. I must
wait a little before I can
reply to the other parts of

your last letter.

The Bishop of B. is not popular
in all quarters but that cannot
be helped

Yours sincerely

Dear Fiskin,

Here with a proof of my
last sermon, which possibly you
may care to glance at.

Probably the Society has
enough of these kind of
pamphlets or leaflets. If you
should think otherwise, you
could mention the matter to
Copley or Dr. H. I guess they
will print soon. I do not
care to move myself.

No answer

Yours faithfully
