CRIPPS'S CORNER,

FOREST ROW,

SUSSEX.

Dear Fisher.

The R. G. writes to ask you and me to see him about the Census. He ignores Market, which does not make my position easy. I am writing to Market. I could motor up any day next week, and call there - Somerset House - between 12 & 4. What would suit you? From private information I guess they will refuse the Census. We

ought to have a short  
talk first. If you like,  
communicate with Mallett  
by telephone. — but I don't  
know where you would catch  
him. In great haste

Yours sincerely

L-Darwin
