Maj. L. Darwin, Sc.D.,  
Cripps's Corner,  
Forest Row,  
Sussex

Dear Major Darwin,

Many thanks for the new edition of the "Descent". It is a nice little volume, and I agree that it is wise to separate Part I and the general summary from Parts II and III; albeit I value the fact that your father felt sexual selection of such special importance for Man that he chose to treat them in one volume.

Yours sincerely,
