CRIPPS'S CORNER,
FOREST ROW,
SUSSEX.

Dear Fisher.

Our anonymous donor,
Henry Twitcham, died on the 19th
inst after an operation. The
Public Trustee, J, and Sir E Allen
are the Executors. The Society is the
Residuary Legatee, and the legacies
are small. I don't know the
amount of the estate yet. I see
no snags yet, but always fear
some turning up. The Public
Trustee has borrowed £500, which
looks as if he had no doubts.
If our income rises to £3000 a
year, or even more, your officers
will have to prevent anyone
losing their heads. I have told

Bramwell & Hallett. Please
show this to Cutler. Jagel-
MacBride to know. It so
with you told him? I have
a lot to write.

I hope this money will be
better spent than that left
by Galtton !!

I think there is no need
to blaze this news abroad,
but what I say is not
confidential.

We certainly ought not
to increase our pace file we
know exactly where we are,
and this may take some
months.

Yours sincerely,

Samuel Dawson
