

From MAJOR L. DARWIN, Crippa's Corner, Forest Row, Sussex.

Please send me a copy of his memo,  
which I sent back, strongly backing  
him up. I may make some minor  
criticisms. I am rather doubtful  
as to making registration reform an  
alternative to the census question,  
because that might be taken as an  
excuse to drop the census.

Nov-19-29
