

Dec. 19. 35.

CRIPPS'S CORNER,
FOREST ROW,
SUSSEX.

Dear Fisher.

Just a line to thank
Mr. Fisher and you for your
Xmas card of greeting, which
I liked getting. It crossed a
letter from me to you — a
poor return on my part,
as it consisted of nothing
but a troublesome request!
One underlying thought in that
memo. was that we do not
pay enough attention to
fertility in selecting for parenthood.
But I should not talk shop in
an Xmas greeting!

Yours sincerely,
Herbert Darwin
