CRIPPS'S CORNER,
FOREST ROW,
SUSSEX.

My dear Fisher

I am a bit hunted,
as I am going away for a
few days, and want to wipe
things up first. Hence I do
not expect to answer your
letters for a week or more,
except to thank you for telling
me your news. I hope that
mother and daughter both go
well. You are answering
what is Eugenius? in the
most practical manner.

Yours sincerely

L. Darwin
