My dear Fisher

Please read enclosed
to Punnett & post. I do not
know his address. If it
should be Punnett, please
scratch out one t!

If you want to say anything,
you can say I asked you to
send it on. I want very
much to get some English
to the German meeting,
Carr Sanders, especially, as he
is on that war committee.

It Mac Bude does not go,
C-S. might represent the
Emergency Soc.

I asked Moore to send
you a proof of my Natural
Selection correction. I want
to avoid a second blunder!

Yours kindly

J. Darwin.

I gather the maps were made
yesterday.

P.S. I should think Pennette could
accept for his Society if he will —
or say he is sure they will accept.
That would do for me, as I could
act on that.
