CRIPPS'S CORNER,
FOREST ROW,
SUSSEX.

My dear Fisher,

I am writing in some haste not having much time on account of being painted all day long. I think we much better have a talk. Could you come up and dine with me at the Pembroke Hotel near Brompton Rd Station at 7.30. on Tuesday 17th inst. You could catch the 10 o'clock train back.

Of course I know you are moving
for what you believe to be ⁱⁿ the best
interests of the Society. You
know also that you and I do
not see eye to eye on this
matter, at all events in
some respects. It will in
my opinion be quite im-
possible to re-organize
the Society before the annual
meeting and the result
of the business may be
that ~~Robert~~ will refuse the
Presidency. What then?

at present I see no way whatever
out of the difficulty - which will not
result in greater difficulties.
However do let us have a
talk.

Yours sincerely
Samuel Dawson
