My dear Fisher

Many thanks for making the arrange-
ments - - - - - I was a bit
hustled on Saturday as there was not much
time available for writing or telegraphing. Hence
my letter may not have been as well
expressed as I should have liked.

Your reasons for objecting to any delay are
sound enough but nevertheless I think I shall
be asking for postponement of final settlement,
... .. have been in my mind
for some time and are unconnected with this
particular point. Yours sincerely
Leonard Darwin.
