

June 2. 27

CRIPPS'S CORNER,
FOREST ROW,
SUSSEX.

Dear Filer.

It enclosed to Stevenson
seems to answer the purpose.
Please post it, on or after
June 4, when it is dated.
If your memo wants correction,
please correct. Don't hesitate
to return to me if you think
best. I am now inclined not
to send to R. G. unless some
reason for so doing turns up.
Then we may have printed
copies. I was cautious in
my talk to the R. G. because,
amongst other things, I did not
quite see what to play for

hardest. And I don't now see
quite clearly.

Yours truly

L. Dawn
