CRIPPS'S CORNER,

FOREST ROW,

SUSSEX.

Dear Fisher

I hear that Hite,
our member of Council, is
going to live in Shrewsbury,
and therefore would not be
a good member of the
Educ. Committee - a conclusion
confirmed on other grounds.
Who then?

I have had a letter from
a real live Archbishop about
Eugenics - he of Armagh -
in which he says something

about the importance of
remission of Income Tax
for children. And this reminded
me that you and I were to
do something on this head.
Could we get a letter by
^{June} ~~July~~ 12 to show to the
Committee? To the Chancellor
of the Exchequer? It ought
to have gone in months
ago, but it will show the
need at any time.

Yours sincerely,

L. Dawson
