My dear Fisher.

Lady Chamber has sent me the scheme of distribution of work which you suggest. I had better be frank and say that as it stands I don't think it will work. We must have a good long meeting to discuss matters. Shall you be at the Officer's meeting ~~at~~ on Wednesday?

If so we can have a
preliminary talk. I sleep
at Brooks's Club,
St James's St. on Tuesday.
But I don't think this
needs an answer. I am
very sorry I don't see
quite eye to eye with you
two. But I hope we shaken
these things out. No
more, for I am cold
& lay
Yours ever
