CRIPPS'S CORNER,

FOREST ROW,

SUSSEX.

Dear Fisher

Thanks for my M.S. returned,  
and for your remarks on the  
origin.

These appeals have, I understand,  
now been revised. The last sentence  
on page 1 of The Appeal for  
Lower Tanatani seems to me to  
be too bald. Would it be best  
to strike it out? I think I had  
better take on myself the  
responsibility of saying "this is  
final". But please say what-

you think. Also answer as  
soon as you can if you have  
anything to say or not.

I am rather hurried  
today

Yours

L. Darwin
