Dear Fisher

Please look through these 2 sheets
Some day at your leisure. I should like to
know if you and Luther agree in what
I say, or rather in page (1). Please return
them at your leisure to me at the
above address. I guess I cannot look at
them again until the operation is over.
I don't want to argue with Mac Bude,
but merely to make my position clear.
I am rather in his black books now.
Oh that we could get rid of internal
irritation. It does far more harm, I
believe, than any good which can come
from controversy.

Hopey George and Harry and
the goats are flourishing, and with
my kind regards to M^{rs} & Miss
Fisher

Yours sincerely

J Dawson
