

February 17 [1923]

CRIPPS'S CORNER,  
FOREST ROW,  
SUSSEX.

My dear Fisher,

I had a talk with Sir  
Bernard Madlet this morning.  
You know that he is an  
ex president of the Statistical.  
He says that if you would  
like to write him a letter  
on the subject - he would  
in some way deal with  
the matter. I think he  
would like to please just.

I gather he understood the situation and I explained to him the unwelcome position of course if you liked to address it to the Secretary you could do so but I think Mallet's suggestion is the best one. There is no hurry because there won't be a council meeting for some time.

Sir Bernard Mallet K.C.B.  
43, Cadogan Gardens  
S.W. 3

is his address.

Yours sincerely

L. Darwin
