The Orchard,  
Huntingdon Road,  
Cambridge.

My dear Fisher.

A paper the name of which I cannot remember, wrote to <sup>me</sup> asking me to write an article on Eugenics, about 3000 words. I cannot for the moment lay my hands on the letter. It was a medical paper, Hospital & ... " ? Perhaps Miss Isaacs would know. I said I could not do it, and said something about recommending another writer. They ask me to recommend one. And now I don't know what to suggest !! Have you any ideas? Sir R. Armstrong-Jones? Miss Cory? Anyone else? If you have any ideas, kindly tell Mr. Hudson. I will because I hear you are likely to be at the office. This is not a very business like  
Yours sincerely  
D. Darwin
