

I think it might be worth your while sending  
a copy of your paper to Dr. D. Hoar, 119  
Oakwood Court, W. 14. Many thanks  
for offering to help with my paper. I am  
rushed in on Tuesday 19<sup>th</sup> just as a  
stop gap, and have time to develop the  
statistical side but little, nor am I  
capable of so doing. I wish you were in  
London and could come to the discussion,  
but know this can't be done. I want  
to get some statistics talked on the  
occasion. I ~~may~~ may ask you some  
questions later.

[9 November 1918]

L. Darwin
