

[29.7.1907]
From Major L. Darwin, 12, Egerton Place, S.W.

Thanks for all the trouble you
have taken - Sorry you have
such troublesome uncles &
Cousins - still unmanageable!

I wonder if in such a case as
eye colour your results will
still show considerable importance in
'Environment', & if so what does
'Environment' mean?

From Major L. Darwin, 12, Egerton Place, S.W.

Thanks for all the trouble you
have taken. Sorry you have
such troublesome mules &
Cousins—still unmanageable!

L.D.

I wonder if in such a case as
eye colour your results with
stale show considerable importance in
'Environment', & if so what does
'Environment' mean?
