CRIPPO'S CORNER,

FOREST ROW,

SUSSEX.

My dear Fisher.

I am just off to the meeting tonight, a great undertaking for me. I hear a report that you won't be there, which I am very sorry for, as I have brought these letters up to hand over to you personally, to keep at your laboratory if you see fit, with my congratulations at your appointment. I still hope to see you, but if not I will get this posted to you.

Yours sincerely

Desmond Dawson
