CHURCH'S CORNER,

FOREST-ROW,

SUSSEX.

Dear Fisher.

Herewith notes on trains. Please

let me know which you select to come by, and you will be met at the Station. This reminds me that I ought to have said before this that my illness last summer has made me a good deal older, so to speak. I cannot talk for more than an hour or two at a stretch. Early to bed, 10 o'clock, & late to rise, after breakfast in bed. So I do nothing till 10-30 a.m. It is fair to tell you all this, for it makes it less worth while for you to come. Lastly you will hardly know me, with a long white beard. In this respect, you cannot cast stones.

Ask if you change anywhere. X means I think you do.

As for Sunday trains, they are very

bad from Front Row; but I could
send you to Three Bridges, where there
are trains about every hour or 1/2 hour.
Possibly we could settle that after
you come.

What Monday might enable you
to stay longer possibly. I hope so.

Yours hastily

L. Darwin

P.S. I am assuming that you come
Sat. June 3. Almost any day
would, however, suit us.
