CRIPPS'S CORNER,

FOREST ROW,

SUSSEX.

Dear Fisher,

It will be nice to see
you for as long as you can stay.
Sat. June 3. suits us perfectly;
but do you remember it is
Whit-suntide? Travelling Saturday
afternoon may not be bad, or
perhaps Sunday. It, by chance, you
forget this, Sat. June 10 is
equally available. I will send notes
about trains on a separate
sheet. You will have some
hard nuts to crack. As far as I
know, no professors as such have
personal assistants, which, it has

always struck me, must lead to
a great loss of valuable time.

When will the news be confirmed
and public? Let me know next
time if or when I may say that
you have got the job:

Though there are difficulties I am
really delighted - for I suppose
from what you say it is an
certainty.

Let me know what train you
select. You can get across London
to Victoria or London B by
underground, I think.

Yours sincerely,

Edward Dawson

P.S. I will send notes on train
later.
