

13th. December 1948.

My dear Henry,

Thanks for your letter with details of your arrangements. I shall expect you to come straight up to Caius after the 5.35 arrives, and hope it will be in decent time, but I don't think dinner is very early, probably not till 8. Yes, I think tails will be right.

I have not yet worked the whole of the 1948 data, but what I have seen looks to be better than ever.

Yours sincerely,
