My dear Henry,

Thanks for your letter. - About your visit here, it has occurred to me that we are this year reviving the Peace Dinner, and are holding it on December 17th., which I think is a Friday, so that if it suited your program you might be able to stay on for the weekend with me, after celebrating this partial return to peace conditions, just in time, perhaps, before the next war.' Anyhow it used to be rather a fine show, though no

doubt it will be a good deal attenuated. Send me a reply as soon as you can, as invitations are sent out by the College Office.

Yours sincerely,
