My dear Ron,

Monday.

(c. 20 July 1947) THF

This is just to say how very much I look forward to seeing you tomorrow Tuesday. I shall be there to meet you when your train arrives, just after 6.30. Especially as there is rain today, it will be well to bring with you clothes, and boots, suitable to very wet conditions in a marsh - often involving soaking the reeds up to the middle of the body, or higher.

Yours truly,

Henry
