My dear Fisher,

Many thanks for me the J. Hered.  
with S. Wright's review in it. I had not seen it  
and am much looking forward to reading it.  
It was most kind of you to think of sending it on to me.  
I will return it to the Eugenics Soc. in a day or two.

I am glad you think the Mediterranean  
paper of some interest. H. D. F. is my father. Excuse

This hurried note but the Oxford term started  
yesterday and I am having a great week.

Yours very sincerely,

E. B. Ford
