YOUR REF. _____

Prof. R. A. Fisher, F.R.S.,
Galton Laboratory,
University College,
Gower Street,
W.C.1.

My dear Fisher,

Thanks for your draft, which I found most
interesting.

I do not quite gather what you want done with
it. I understood, when you spoke to me before, that you
wished to publish in the P.R.S. I can only say that if
you prefer to publish in the P.Z.S., it is just the kind of
paper that I should like to see there. If not, was your
idea simply to come and give a brief account of the work,
which would not be more than mentioned in print in the
"Proceedings"?

Yours sincerely,

Julian S. Huxley
