Zoological Society  
NW 8

My dear Fisher

I must write to thank you for the support you have been giving to me in this student Zoo business. However, I am delighted & proud, on at last getting back here, that it has been transformed from a more or less personal issue to one not merely of principle, but one which holds out possibilities of far-reaching reform of the Society. It is going to be an unpleasant fight, but I gather we have a good chance of winning it — if so, it is going to be grand to have your help & support in making the Z.S.L. more zoological & also more democratic.

It was also a relief to find that the

matter was out of my hands & in those of  
an excellent committee - who will  
of course keep you posted as events  
move.

Had an interesting but tiring  
time in USA.

Yours ever

Julian Huxley
