

October 23rd, 1942

Dear Taylor,

I was so sorry to miss the Committee Meeting yesterday, where I had hoped to see you; but I had no means of getting there after the 9.15.

I have been much wanting to hear from you how the start which you have now made with the material from the Radcliffe Infirmary is going on. It is a project which I have long wanted to see started, and I do hope nothing will stand in the way of its success.

Has Race yet tested the cow sera which were dispatched from Weybridge some time ago? I should like to know how often <sup>one</sup> ~~we~~ got a usable <sup>anti-O</sup> serum in a batch of this size.

I see there is a R.S. Club Dinner on November 5th. It is at 6.30 at the Holborn Restaurant. If you would enjoy this, and find it possible to come, I should be delighted if you could come as my guest. I could meet you there.

Yours sincerely,
